how do you display the routing table? (RT)

0 Votes

discussion posted about an hour ago by [KarenWest](#)

I've just started lab 2, and wanted to peek at the routing table. How do you display it? When I tried:

```
disp(RT(pcount));
```

It said "6x2 double".

When I tried adding a column, I got syntax errors, such as:

```
disp(RT(pcount,1));  
disp(RT(pcount, 2));
```

Incorrect syntax! I did that when I saw the first error message, "6x2 double matrix".

Thanks!
